Says Pe-ru-na is a Splendid Catarrhal Tonic.

Hon. T. Y. Fitzpatrick, Congressman from Kentucky, writes from the National Hotel, Washington, D. C., as follows:

"At the solicitation of a friend I used your *Peruna* and can cheerfully recommend your remedy to anyone suffering with catarrh or who needs a good tonic."—T. Y. FITZPATRICK.

A Good Tonic.

Pe-ru-na is a natural and efficient nerve tonic. It strengthens and restores the activity of every nerve in the body.

Through the use of Pe-ru-na the weakened or overworked nerves resume their natural strength and the blood vessels begin at once to regulate the flow of blood according to nature's laws. Congestions immediately disappear.

Catarrh Cured.

All phases of catarrh, acute or chronic, are promptly and permanently cured. It is through its operation upon the nervous system that Pe-ru-na has attained such a world-wide reputation as a sure and reliable remedy for all phases of catarrh wherever located.

If you do not derive prompt and satisfactory results from the use of Pe-ru-na, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice free.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

A very painful affair, but notice the expression of triumph on the old man's face. She knows from many such experiences that

John Mitchell Addresses a Great Crowd of Miners at Scranton.

### RIGHT TO THE POINT

The President of the United Miners Enjoins the Men to Be Peaceable and Remain Firm.

Memorable Meeting of a Quarter of a Century Ago Recalled By This One.

Scranton, Pa., Aug. 2.—The first of the strikers' meetings planned to take place at the various strike centers was held yesterday in the Round Woods. There were 7,000 strikers present from all parts of the city and the adjoining towns, some locals having marched four miles to the meeting, headed by a band or drum corps and carrying flags and banners. National President John Mitchell, District President T. D. Nicholls, District Vice President Adam Ryscavage, District Secretary John T. Dempsey, Organizer Mortimer Memo, and Sub-District President T. Phillips, delivered addresses. Vice President Ryscavage spoke in Polish and Organizer Memo in Italian.

The crowd enthusiastically cheered all the speakers, and fairly went wild over Mitchell. When he was introduced to speak someone shouted "Hats off," and although the sun's rays beamed down so intensely that many were carried from the crowd exhausted, every man in the vast assemblage bared his head and remained uncovered until his speech was concluded. Then the crowd surged about the platform and shook his hands until he himself was almost exhausted.

Mr. Mitchell's speech was brief and dealt only with the live issues of the fight. He said in part: "It has been said by some who are not your friends that the miners of the Scranton region are getting tired of the strike and are about to return to work. I come to find out if this is so. I want to know if you are going to return to work, dishonoring your organization and dishonoring yourselves."

Cries of "Never, never," "No," "Don't you believe it," and the like. "If the strike is lost, may God Almighty help the men, women and children who depend for their subsistence on the mining of anthracite coal. If the strike is lost you will pay the cost of the strike. I want to say that the anthracite miners went on strike themselves. They voted for the strike. It was not the officers of the United Mine Workers' union who called the strike. It will never end until you vote it ended."

"From the offices of the coal presidents in New York comes the declaration that the strike will be settled only in their own way of settling it. I would direct your attention to similar declarations made in the 1900 strike. The coal trust may be powerful and strong, but the American people whose hearts throb in sympathy with the miners' cause are stronger than the coal trust. The American people, like a jury, have passed upon this conflict. They heard of the miners' requests for betterment of conditions and the operators' refusal. Ninety per cent of the people have agreed that the miners are right and the operators wrong."

"The one among you who violates the law is the worst enemy you have. No one is more pleased than the operators in New York to hear of disorder in the coal regions. I want our men to exercise their rights that inure to them under the laws, but I want that no man shall transgress the laws. The strike will be won. (Loud and prolonged cheers.) I have no more doubt about it than I have that I am standing here addressing you. If you lose the strike the operators will make you pay for their strike losses by reducing your wages. And, if you lose the strike you lose your organization. I trust and hope and constantly pray you will stand as you did in 1900." (Cheers and cries of "We will.")

Before the handshaking episode began Chairman Phillips asked all who favored a fight to a finish to raise their hands. Every hand went up. Twenty-five years ago yesterday, Aug. 1, 1877, 10,000 striking miners who had been out for six months met at this same Round Woods in almost the identical spot where this meeting was held, and with uplifted hands avowed that they would not return to work until their demands were granted. That afternoon occurred the memorable riot in Lackawanna avenue, when a company of hastily formed vigilantes killed two men, fired upon a procession made up of strikers from this and another mass meeting who were bent upon burning breakers, and who had nearly killed Mayor McKune when he tried to halt him. A week later the miners went back to work without gaining any concessions and with their union disrupted.

Shenandoah Quiet. Shenandoah, Pa., Aug. 2.—Yesterday was an uneventful day in Shenandoah and surrounding country. Absolute quiet prevailed everywhere and the general feeling of uneasiness which had prevailed is rapidly disappearing. The troops spent the day in perfecting their camp arrangements, and comparatively few of them were in town. None are permitted out of camp after dark.

### HISTORIC SCENE

Corydon Is Not Forgotten By Those of Passing Generation.

Indianapolis, Aug. 2.—Attorney General Taylor went to Corydon this morning to address the Harrison county Republican convention which was held in historic surroundings. The fact that Corydon was many years ago the capital of Indiana, is almost overlooked in these days of rapid living, but there are many of the older generation who still tenderly remember the old town and the old statehouse. The convention today was held in the old statehouse, which it is understood is in a fair state of preservation. Apropos of Taylor's speech, it is stated on pretty good authority now that he proposes to enter the Republican race two years hence for the nomination for governor. Because of his large acquaintance and his excellent record as attorney general not a few politicians predict that he will be a strong factor as a candidate for gubernatorial honors.

It was learned today that a new game is being worked to defraud the farmers. It has been tried successfully in several parts of the state. The game is like this: A farmer is approached by a well-dressed, prosperous looking man, who enters into negotiations for his land. He stays around two or three days and finally agrees on a price that is advantageous to the farmer. The latter is given \$25 or \$50 to bind the deal, while the supposed purchaser goes to get the money to make the sale. Before his return another man, his confederate, of course, arrives on the scene, representing that he has heard the farmer is going to sell his land. He looks it over. It is just what he wants, so he offers several hundred dollars more than his confederate. The farmer, however, is tied up by the option, but he is persuaded by the second swindler that it will be to his advantage to give the first buyer three or four hundred dollars to release the option. The farmer, thinking he sees a good thing in it for himself, gives the man with the option five or six times that much to be released, expecting that he will close the deal at once with the other man, but the latter and his confederate disappear as soon as they obtain the money for the option. It is really an old game, but it is so alluring that it seems new. The authorities have not been able to make any arrests lately of this class of swindlers.

State Labor Commissioner McCormack said today that Indiana is practically free of strikes for the first time in several months. There have not, however, been many bad strikes for some time. The strike at the Singer sewing machine works at South Bend was perhaps the worst of the present year, although the strike at Terre Haute has been more prolonged, and probably more bitter, as it has resulted in a boycott that not only affects Terre Haute, but some neighboring places. It is understood that there is a chance of the boycott being lifted at Terre Haute, as the matter is to be left to a vote of the trade unions, but McCormack says his information is that it may be prolonged indefinitely. He is going to Terre Haute again in a few days to use his influence in trying to straighten out the tangle. It is said that this strike has cost the laborers and the business men of Terre Haute several thousand dollars.

Figures compiled by Adjutant General Smock of the department Indiana, G. A. R., indicate that the statements regarding the death rate of the veterans of the '60's are often exaggerated. Smock's report for the six months ending July 1 is therefore somewhat surprising, showing as it does the net loss in membership to be but 48. Furthermore, the net loss is attributed more to honorable discharges, transfers and resignations than from death. There were but 215 deaths in the six months out of a membership of over 15,000, so it will be seen that the old soldiers are not dying so rapidly after all. Smock thinks the condition is remarkable, however, in view of the fact that the membership of an order now composed of old men is not falling off more rapidly. The G. A. R. of this state is in a prosperous condition financially, as it has cash, real and personal property to the value of \$77,294.74.

The twelfth week of the great anthracite coal strike ended today. The Miners' Journal gives the following synopsis, briefly setting forth the conditions in all fields where there are strikes: "In the anthracite the beginning of the twelfth week finds strikers firm and unyielding. President Mitchell is delivering a series of speeches. West Virginia men are still firm. Judges Jackson and Keller have enjoined the strikers from doing any saving swimming, flying and sleeping. Michigan rejected by small majority the terms of the last settlement, and the operators refused an offer to arbitrate. No signs of settlement. West Pennsylvania strike still on, with the strikers firm and confident." The outcome of the strike is a matter of great doubt, but many believe the miners have a good chance to win in spite of the stubborn resistance the operators are making.

Lightning's Work. South Bend, Ind., Aug. 2.—Lightning struck a barn owned by James Long at Lacrosse and the building was burned to the ground. Three horses were cremated and a large quantity of wheat, corn and hay were destroyed. The Churchill-White grain elevator at Hamlet was also struck by lightning and is a total loss.

## IN REAL WARFARE

Colombian Revolution Is Now Put to the Final Test.

### FIERCE BATTLE WAGED

Government Troops Under General Morales Bert Meet Revolutionists At Agua Dulce.

More Than Two Hundred of the Latter Were Slain and Battle Is Still On.

Panama, Colombia, Aug. 2.—The peace commissioners who left here on July 29 on the British steamer Cana to visit the revolutionary general Herrera near Agua Dulce, returned to Panama yesterday afternoon. They said that they were unable to fulfill their mission because a very severe engagement between Herrera's forces and the government troops had been in progress since Tuesday, July 29, when the revolutionary forces began to attack Agua Dulce.

At 5 o'clock Thursday morning the best battalions of the revolutionary forces attacked the government entrenchments with courage. The slaughter of the revolutionists is said to have been excessive and barbarous. That same afternoon the white flag was raised in their camp and they asked for an armistice during which they could bury their dead. This was granted. The losses of the rebels up to Wednesday, July 30, were reported at over 250, while the government forces had had eight men killed and eleven wounded. General Moreno, one of the peace commissioners who returned yesterday, says the entrenchments at Agua Dulce are masterpieces of military art. At the expiration of the time of the armistice the engagement recommenced with the same fierceness. Nine government battalions which had not taken part in the fight were still being held in reserve.

General Salazar, governor of Panama, has received a letter from the government General Morales Bert saying he is very enthusiastic as to the outcome and that he hopes to win a battle which will decide the fate of the isthmus. General Salazar, in his turn, is doing everything in his power to help General Bert. Late yesterday afternoon he dispatched further supplies of provisions and ammunition for Bert's army at Agua Dulce.

### TO RESOLVE ITSELF

The Vatican Said to Be Reconciled to Friars Question.

Rome, Aug. 2.—According to statements obtained from reliable sources, it is the intention of the Vatican that the friars of the Augustinian, Dominican, Franciscan and Recoletto orders now in Manila, who number about 450 men, should leave there in small numbers at different times, so that when the moment to resume negotiations between Governor Taft and the apostolic delegation arrives all the friars will have left the archipelago in such a way that the friar question will have resolved itself without the necessity of further discussion.

The foregoing plan is interpreted as a late but significant recognition by the Vatican that Secretary of War Root's first propositions made to the Vatican through Governor Taft were the most liberal that could be devised for the settlement of the question. The great influence of the religious orders in Rome must be reckoned with, however, should they think it to their interests to resist these measures. From present indications this would seem to be so, as the general of the Augustinians will soon leave for the United States to choose American Augustinians to replace the Spanish members of that order now at Manila.

### The Rope Broke.

Richmond, Va., Aug. 2.—At Wise Court House yesterday in the presence of a thousand people George Robinson, colored, was hanged for the murder of another negro. On the first drop the rope broke. Robinson was brought up the steps on the outside of the scaffold to be hanged the second time and had to wait until the sheriff went to a store to secure another rope. He was conscious throughout the whole of this remarkable ordeal and did not show the faintest sign of collapse.

### Pool Room Loses.

Louisville, Ky., Aug. 2.—As the result of a mistake made in posting odds, the Kingston poolroom yesterday lost about \$2,500. On account of a similarity of names, the board marker confused Talala, a 2 to 5 favorite, and Duella, a 30 to 1 shot, entered in the first race at Highland Park, and reversed the odds on the board. The form players immediately noticed the false price and a large sum was bet before the mistake was discovered.

### A Defiant Brigand.

Rome, Aug. 2.—Giuseppe Mussolino, the brigand, when he was taken to the penitentiary at Portofino to serve a life sentence for murder, said to those who had prosecuted him: "They need not flatter themselves that they have heard the last of me—I shall reappear." Mussolino was sentenced to life imprisonment after a trial in which evidence was given to show that he had killed thirteen men.

### THRILLING EXPERIENCE

Wake of Big River Steamer Swamps a Smaller Vessel.

Louisville, Aug. 2.—The steamer City of Wheeling had a narrow escape from serious disaster in the Ohio river off North Bend while bound from Cincinnati to Madison, Ind., with a cabin full of passengers. Part of her freight was washed overboard and her passengers were thrown into a panic for a few moments as the result of a peculiar collision with the steamer City of Cincinnati, en route from Cincinnati to Louisville.

The Wheeling, which is a small boat, was following directly in the wake of the City of Cincinnati, and when a shallow place in the river opposite North Bend was reached the latter boat suddenly slowed down and the Wheeling, continuing at full speed, became locked with her. A moment later the pilot of the City of Cincinnati called for a full head of steam and the larger craft shot forward rapidly, causing tremendous swells, which rolled over the head of the smaller boat, deluging the main deck and washing over a quantity of freight. The water poured into the hatches of the City of Wheeling and her bow plunged down as if she was about to sink head foremost. As the boat rocked up and down the passengers became panic-stricken, but were soon quieted for the Wheeling steadied herself in a few moments and was successfully landed at North Bend. Most of the freight which was washed overboard was recovered.

### Government Debt.

Washington, Aug. 2.—The monthly statement of the national debt shows that at the close of business July 31, 1902, the debt, less cash in the treasury, amounted to \$973,910,267, which is an increase as compared with July 1, of \$4,453,126. This increase is accounted for by the reduction in the amount of cash on hand.

### Linemen Strike.

New Orleans, Aug. 2.—The electric linemen struck yesterday for higher wages. Street railways, telephone and electric lights as well as telegraph lines are affected, even the linemen in the country being called in.

## STATE NEWS NOTES

Incidents and Accidents and Doings of Note Throughout Hoosierdom.

### BADLY MIXED-UP CASE

LaPorte County Officers Are Still At Seas Regarding Mysterious Tolten Case.

Man Accused of Putting His Wife Out of the Way Tells Conflicting Stories.

LaPorte, Ind., Aug. 2.—Sheriff Small has received a telegram from Miller City, O., disproving the statement of William Tolten, who is confined in the county jail in this city on the charge of murdering his wife at Westville, and who narrowly escaped being a victim of mob violence, that his wife had gone to the home of a relative in that city. The telegram from Miller City stated that nothing had been known there of Mrs. Tolten's whereabouts for three years. Telegrams from the Chicago police department report no progress in tracing the alleged movements of the woman in that city. Sheriff Small is determined to find the woman, dead or alive. Tolten persists in the statement that his wife is alive.

### MILLS TO CLOSE

Overproduction Causes Shut Down of Tinplate Plants.

Overproduction Causes Shut-Down. Anderson, Ind., Aug. 2.—Superintendent D. H. Williams of the local mills of the American Tinplate company states that it is possible that the plant will close this afternoon for an indefinite time. It is claimed that the shutdown is necessary on account of the accumulation of tinplate in the warehouses at this point. The rod mill of the American Steel and Wire company has closed for two weeks. The wire mill will shut down next week. It is understood that improvements to the extent of about \$50,000 will be made in the various departments, including the rebuilding of the wire mill with brick and stone walls instead of timber and iron.

### Killed by Lightning.

Lafayette, Ind., Aug. 2.—Louis Clawson, a farmer living near Heath, was killed by lightning during a storm that swept over this section. He was loading oats in a field when the bolt struck him. His son, who was riding one of the horses, was shocked, but only slightly injured. A man assisting Clawson was stunned. Clawson was 48 years old and leaves a widow and six children. Crops were considerably damaged, fences leveled and trees uprooted.

### Election of Officers.

Chesterfield, Ind., Aug. 2.—The annual business session of the National Spiritualist association was held yesterday at the camp. The financial secretary reported \$1,000 balance on hand at the beginning of the camp meeting last month. Late in the afternoon an election of officers took place. E. B. Chamness of Alexandria was elected president of the association and Miss Flora Hardin of Anderson secretary.

### A Priest Injured.

Fort Wayne, Ind., Aug. 2.—The Rev. Father Roche, rector of the Catholic church, was severely injured in a runaway accident yesterday. He was driving in the east part of the city when his horse took fright and ran away. He was thrown heavily to the brick pavement and received bruises and cuts.

### Change of Administration.

Bloomington, Ind., Aug. 2.—Dr. Wm. Lowe Bryan began his duties as president of Indiana university yesterday. There was no ceremony connected with the change of administration. Dr. and Mrs. Swain have gone to Swarthmore, where they will enter at once on their new duties at the college.

### Panther At Large

South Bend, Ind., Aug. 2.—A large panther has been seen by several reputable Harris township farmers the last few days. The animal has killed two calves. Where it came from is a mystery.

### Woman's Pitiable Condition.

La Porte, Ind., Aug. 2.—Mrs. Jane Isham, aged 80, became lost in the marsh near Springville. She was gone for two days and the exposure has made her insane. She is in a pitiable condition.

### Saw Mill Burned.

Mooresville, Ind., Aug. 2.—The large saw and planing mill owned by the Comer-Seacore company was destroyed here by fire with a loss of about \$5,000.

### War On Slot Machines.

South Bend, Ind., Aug. 2.—The police have issued a drastic order requiring all slot machines of a gambling nature to be removed. There are hundreds in operation.

### Reclaiming Kankakee.

La Porte, Ind., Aug. 2.—The Cook ditch, which is to drain and reclaim thousands of acres of Kankakee swamp land has been completed.

### A SUMMER DREAM

Reports of Los Alamos Earthquake Greatly Exaggerated.

Los Alamos, Cal., Aug. 2.—The reports telegraphed from this place and other sections of Santa Barbara and San Luis Obispo counties telling of the enormous damage done here by the series of earthquakes which have visited this county and this vicinity in particular at frequent intervals since July 27, have been grossly exaggerated.

It is an undeniable fact that there has been an unprecedented number of earthquakes, some of them more or less severe, but as to the reports of great fissures in the earth, upheavals of the earth, and similar stories of the havoc wrought, it is only charitable to say that they are untrue. Within the limits of Los Alamos the property damage will not exceed \$4,000.

Several slight shocks were experienced yesterday, but no damage was done beyond further dismaying the inhabitants of this little town.

### A GOOD REPORT

Weekly Review of Trade Is an Encouraging Tone.

New York, Aug. 2.—Bradstreet's weekly review of trade today says: Trade is quiet while attention is concentrated on crop and industrial developments. Generally lower prices for farm products point to the former being largely favorable. Though weather conditions of late have been more favorable, effects of earlier backward weather have not been effaced or repaired. As for the fall and winter outlook, however, the best is predicted. In industrial affairs the outlook is certainly satisfactory. The iron and steel situation is still largely a strong one, but isolated examples of weakness are in sight. The railway situation is one of the best in years, and the outlook as to tonnage is a flattering one, marred only by the prospect of car shortages later on reducing or curtailing industrial operations. Fiscal year earnings returns are exceptionally good, and it is probable that taken as a whole the railway earnings for the half year will exceed 1901 despite reduced anthracite coal carriers' earnings.

### PAID BRUTALITY

Shocking Disclosure Made to Chicago Grand Jury.

Chicago, Aug. 2.—Charged with paying rewards for assaults on non-union workmen, the scale varying according to the degree of injury inflicted, eleven union brass molders were indicted by the grand jury yesterday. This is said to be the first action of the kind ever taken against laboring men in the West.

All of the accused are members of Brass Molders Local union No. 83, some of them having been officers of the organization. Several witnesses told the grand jury that the officers of the union through the business agent offered from \$5 to \$25 for assaults on a non-union man. If the victim was permanently disabled they said the man who did the work received \$25, and in rare cases \$30 was added. Prices were graded, it was testified, according to the time the man assaulted was unable to work. Men who did this work for the union, the grand jury was told, were known as the "wrecking gang."

### Heretic.

Gladys—Why did she ever marry him?  
Ethel—Oh, he said he couldn't live without her!

Gladys—Well, she ought to get a medal for life saving.—Puck.

No man is truly great until he is willing to use a small word when he knows a big one that means the same thing.—Chicago Record-Herald.

### Time seems most untimely

when he brings a woman to the turn of life. Life is or should be at its ripest and best for her, and she approaches this change with a dread of its effect born of her knowledge of the sufferings of other women at this season.

There is not the slightest cause for fear or anxiety at this period if Dr. Pierce's Favorite Prescription is used. It gives health of body and cheerfulness of mind, and by its aid the pains and pangs of this critical period are prevented or cured.

# Kodol

Digests  
what you  
Eat  
Dyspepsia Cure

If you have indigestion don't resort to stimulants to force your stomach beyond its strength. It is only because it is weak and tired that it fails to perform its task. A stimulant may lend false strength for a time but the very violence of the effort the abused organ will make weakens it more than ever. With the reaction following the use of the stimulant will consequently come keener suffering than before. Nor will the stomach respond so readily to the next treatment of a similar character. With each repetition conditions will be worse than before. What the stomach wants is rest. Kodol Dyspepsia Cure will furnish such a rest. It digests what you eat. All other preparations lack one or more of the natural digestants. Consequently they can't effect a complete cure. Kodol Dyspepsia Cure contains them all. It acts just as the stomach acts. While it does the stomach's work the stomach is obtaining the rest which it needs to restore it to healthy condition. "I used to suffer so from indigestion that even a soda cracker or glass of water would cause agony," says H. L. Wharton, New Bern, N. C. "I commenced using Kodol Dyspepsia Cure and it soon cured me." Weak and sickly children thrive on it.

THE people of Indianapolis should keep an eye on the street railway interests there, or they will own the town before long.

Dr. Smiley, the evangelist, who is conducting the tent meetings, is proving himself a gospel preacher of great power. If you have not yet taken the opportunity to hear him better do so tonight and tomorrow.

THE committee which has had in charge the matter of locating a new industry in Seymour has done some very earnest work, but they are not thorough yet. They have a few more people to see. If these people do their full duty a new factory is assured. We must not fail.

## POLITICAL GOSSIP.

At the meeting of the county chairman with District Chairman Montgomery at North Vernon Friday it was decided to hold the republican congressional convention at Madison September 18.

Judge W. A. Johnson, of Franklin, and Col. R. S. Thompson, of Rising Sun, are mentioned as probable candidates for congress in this district.

The republicans of Bartholomew county are holding their county convention at Columbus today.

D. B. Henderson, of Medora, was in town this morning.

James Bowman and family moved from Crothersville to Vincennes today.

Miss Belle Bland, of Ewing, went to Cortland this morning to visit relatives.

Mrs. Charles Wilson, of Terre Haute, is the guest of Mrs. Stella Roseberry on North Ewing street.

Cecil Reynolds, of Pleasant Grove, who has been in Indianapolis for some time, returned home this morning.

J. W. Beem, of Lyons, who was the guest of W. T. Brannan and other friends here, returned home this morning.

Mrs. Frank Piercefield, of Columbus, went to Brownstown this morning to visit her brother, Rev. G. W. Shutts and family.

## THE TENT MEETINGS.

Excellent Service Last Night and This Morning.

"It is good enough for Seymour.  
It is good enough for our  
And it is good enough for me."

Sang the great congregation under the leadership of Mr. McKinsie last night, of "The Old Time Religion." "Couldn't you sing 'It's good enough for old dead church members?'" said Dr. Smiley. But they couldn't seem to work that sentence in. The meter wouldn't fit.

That was after a powerful sermon on "Pure Religion." "Can't seem to get pure water in Seymour," said the speaker, and then he added that one couldn't anywhere, hardly. "They tell me, these old red-nosed fellows, that you can't even get pure whisky," that you can't even get pure whisky."

He explained about food adulterations and declared that even a millionaire couldn't get pure food. Most people have very impure food; get it cheap, off the bargain counter. Some people get their religion off the bargain counter. Pure religion is about as rare as pure food. "Don't judge the religion of Christ by some hypocrite or some worldly professor. Look at the Lord Jesus Christ and then, you poor, miserable sinner, go off and abhor yourself." To the christian with an adulterated article of religion Dr. Smiley said: "Your miserable life is putting the thorn-crown upon the head of Jesus again; it is putting the spear-point between his ribs; it is crucifying the Lord of glory afresh." His analysis of the religion of the earth and the comparison of that of Christ with the rest was very comprehensive. All the rest of them make man his own Savior, but as every individual has demonstrated, a man cannot save himself; the religion of Christ, the God-sent religion, providing a sufficient Savior for man, is the only satisfying one of them all. After the sermon last night, an opportunity was given those who desired to become christians to make known their desire and a good many did so. Most of the audience, however, proved to be church members.

Mr. Smiley said no song books would be sold on Sunday. All who wanted them should provide themselves today. The reporter saw the need of many more books in the audience. The singing, so necessary to meetings of this sort, was hardly up to the limit of possibility in volume, and it was clear that the evangelists, who are doing their level best, wanted better support in that line than they were getting. Seymour is full of good singers, but people can't sing songs that are new to them without books.

The children's picture sermon this morning was unique and delightful. The evangelist and singer and "the Jimmies, Sams, Johns, Marys, Marthas, Bridgetts, etc.," began by introducing themselves to each other at the drop of a handkerchief. A choir of church members among the children assisted Mr. McKinsie in leading the singing and did exceedingly well. The paintings displayed, illustrating the address, were large, and the smallest details of them were visible to the whole audience of 600 children present. At the close of this ideal children's address, about thirty-five thoughtful children among the most mature of those present came forward declaring their wish to be christians. This is regarded by some of those most interested in the results of the meetings as one of the most valuable sermons yet held.

There is to be a sermon in the tent tonight. The program of Sunday services is given elsewhere.

## APHORISMS.

You never lift up a life without being yourself lifted up.—Emerson.

To ease another's heartache is to forget one's own.—Abraham Lincoln.

It is ever true that he who does nothing for others does nothing for himself.—Goethe.

'Tis far better to love and be poor than to be rich with an empty heart.—Lewis Morris.

God doesn't care for what is on the outside; he cares for what is inside.—Rev. M. Babcock.

Frivolous is sorrow for having done amiss if it issue not in a resolution to do so no more.—Bishop Horne.

The next time you are discouraged just try encouraging some one else and see if it will not cheer you.—J. R. Miller.

Sin is never at a stay. If we do not retreat from it, we shall advance in it, and the farther on we go the more we have to come back.—Barrow.

Kind looks, kind words, kind acts and warm handshakes—these are secondary means of grace when men are in trouble and are fighting their unseen battles.—Dr. John Hall.

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or getting indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, if you send to address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

## THIEF AMONG THIEVES

Harry Tracy Making For "The Hole In The Wall."

Spokane, Wash., Aug. 2.—Harry Tracy, the fugitive desperado, is now in eastern Washington, untraced, in good health, armed with four guns and 200 rounds of ammunition, provisioned for five days and equipped with two horses. Tracy crossed the Columbia river at 5 o'clock Thursday morning and is now supposed to be headed toward the Idaho line. Tracy declared that he wants to hold up a bank or rob an express car. He says that he has promised to give the sum of \$5,000 within one year to the parties who helped him escape from the Oregon penitentiary. He is making his way to the "hole-in-the-wall" country in Wyoming. When there, he declares, he will be a thief among thieves and thinks he will be safe.

## \$100 Reward. \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address, F. J. CHENEY & CO., Toledo, Ohio.

Sold by druggists, 75 cents.

A Chicago syndicate of capitalists has secured control of all the public utilities of New Albany and Jeffersonville, including the street railway, gas light and coke, light heat and power and the water companies. It is said that this same syndicate owns the gas and electric light plants in this city.

The Washington Gazette says that there is some street fair talk there now, that the Washington saloon keepers especially are anxious for a fair, but that most of the other business men do not want it. One merchant is quoted as saying that their street fair last year was responsible for an epidemic of smallpox at Washington.

Tom Lyons has returned from Cincinnati where he spent ten days. He has ordered artificial limbs and expects them to arrive in about two weeks. Mr. Lyons informs us that he saw a party while in Cincinnati who had lost both feet and was using artificial limbs without even using a cane. Tommy is quite hopeful, of course, he expects it will take him quite a while to learn to walk successfully. His many friends will be only too happy to see him walking about.—Shelbyville Democrat.

### OSGOOD WINS GAME.

### But the Reds Put up a Lively Contest.

Our base ball boys returned from Osgood last evening but were unable to report another victory for themselves. They put up a good game however, and made the Ripleys work for everything they got. A YOUNG LADY'S LIFE SAVED.

At Panama, Columbia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Dr. Charles H. Utter, a prominent physician, of Panama, Colombia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by C. W. Milhous.

## RHEUMATISM

Of all cripples the rheumatic cripple seems most unfortunate. When a man is hopelessly crippled by loss of limb he accepts the fact as irremediable, yet he is often better off than the rheumatic cripple whose body is sound of limb. To be physically perfect and yet be drawn and twisted by rheumatic pains seems a special irony of fate.

Dr. Pierce's Golden Medical Discovery has supplied the stiff legs and straightened the bent backs of sufferers from rheumatism after years of misery and useless "doctoring." It cleanses the blood from uric acid poison, gives a new supply of rich pure blood and gives sound health to the whole body.

Mr. R. J. McKnight, of Cades, Williamsburg County, South Carolina, writes: "I had been troubled with rheumatism for twelve years, so bad at times I could not leave my bed. I was badly crippled. Tried many doctors and two of them gave me up to die. None of them did me much good. The pains in my back, hips and legs (and at times in my head), would nearly kill me. My appetite was very bad. Everybody who saw me said I must die. I took five bottles of the 'Golden Medical Discovery' and four vials of 'Pellets,' and to-day my health is good after suffering twelve years with rheumatism."

Dr. Pierce's Golden Medical Discovery purifies the blood, cures diseases of the stomach and other organs of digestion and nutrition, and so causes the body to regain strength by the only way known—which is by the perfect digestion and assimilation of food. It is the one great blood-purifying, body-building medicine.

It is understood that rheumatism is a disease of the blood. "Golden Medical Discovery" cures rheumatism and other blood diseases by entirely eliminating the poisons which cause disease. It cures scrofula, erysipelas, salt-rheum, boils, sores and other eruptive diseases caused by impure blood.

Accept no substitute for 'Golden Medical Discovery.' There is nothing "just as good" for diseases of the stomach and blood.

## A THIEVES' MARKET.

ONE OF THE PROMINENT PLACES IN THE CITY OF MEXICO.

Any Policeman Will Show You the Way to It and You May There Purchase Stolen Goods by the Single Piece or by the Carload.

If you want to know the time in the City of Mexico; if you need household goods, objects of art or of personal adornment; in fact, if there is anything you desire from a pin cushion to a red-hot stove—just ask a police man.

He will point the way to the thieves' market without any more idea of laws than deal with those who receive stolen goods than if you had asked him the way to the best hotel in the city or to one of the theaters or to the National palace. The official of the law will not hesitate to tell you that it is directly across the street from the National palace, east of the Zocalo—the park of the people—and that if you are timid about the size of the load you wish to take there the gate is large enough to drive the biggest truck through without inconvenience. It is a very simple matter to find the thieves' market.

It is no small establishment, but a city institution, with a court as large as a city block, and it is crowded from morning to night with those who are looking for bargains without the slightest idea of moral wrong in buying stolen goods. Indeed it is stated that now and then persons find property once belonging to them exposed there for sale at prices so reasonable that it would be absurd to go to law about it and lay up against the delightful convenience "manana" the trouble of appearing in court.

The market is just what its name implies—a thieves' market, where moths do not corrupt, because there is always a stream of purchasers for goods at ridiculous prices. Nothing remains in stock over a few days. Spread out on tables or piled high on the ground can be found samples of almost anything, for the Mexican rater is not particular what he steals. The thieves do not themselves act as the salesmen, for this would be dishonored even to the Mexican mind. They dispose of their plunder either for a lump sum or take a commission from the sellers.

There is no assortment of goods as to class or kind. It is a case of pick and choose. Crockery, cutlery, tinware and cooking utensils are the main staples, for the Mexican is careless, and the thieves of his kind find this sort of plunder easy to get and with a ready market. The proprietor of one of the well known local restaurants admits that nearly all his knives, forks and table linen come from the thieves' market. He makes it a point regularly to visit there to replenish what may have been stolen from his own place.

But it is perhaps in the line of curiosities, books and objects of art that the thieves' market is most interesting. The libraries of the monks, scattered in the war of reform, are represented now and then. The thieves, of course, know nothing of the value of the books.

Recently a folio of Shakespeare, bound in vellum, in splendid condition, notwithstanding the long ago date of its publication, was picked up by a book lover for \$1.50 in Mexican silver. Several bibliophiles of the United States have regular agents in the thieves' market, and they pay them.

With Maximilian and his court many rare works of art came to Mexico. In the rush away from Mexico those were left behind. Within the last month a fan, beyond doubt by Watteau, was bought in the thieves' market for \$8. The painting is still bright, the lace exquisite and rare, and the ivory sticks, inlaid with gold, are still intact.

Mexico's many wars have made the country an arsenal of obsolete weapons. Swords, guns and firearms from the time of Cortes to the present decade can be picked up in the thieves' market for little or nothing. Some of them, outside of their value as curios, are of intrinsic worth, as an American discovered not long ago. He bought for a trifle an old sword, tarnished and dirty. The style of the hilt pleased him. When he had it cleaned, he found that scabbard, hilt and blade were inlaid with rich gold of marvelous artistic design.—City of Mexico Letter in New York Times.

### Why She Was Silent.

A very silent old woman was once asked why it was she had so little to say. She replied that when she was a young girl she was very ill and could not talk for a long time. Whereupon she made a vow that if speech were given her once more she would never again say anything unkind of anybody. And thus she was they found her.

### A STARLING REPORT.

One that Speaks Volumes, Tells of a Great Good Done, of a Certain Cure, for the Nervous, Weak and Sleepless.

Mrs. F. K. Mackey of 614 Poplar St., Seymour Ind., says: "I was a sufferer from severe nervousness, sleeplessness and dizziness. I was advised to try Dr. A. W. Chase's Nerve Pills. I got a box at A. J. Pellens drug store and now after using the medicine I am pleased to say my nervous system has been toned up, I sleep well and am relieved of those dizzy spells. I consider these pills a splendid nerve medicine."

Dr. A. W. Chase's Nerve Pills are sold at 50 cents a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

## THE FIRST AERONAUT

HIS INITIAL FLIGHT INTO SPACE WAS AT PARIS IN 1783.

Pilate des Rosiers Was the Pioneer of the Long Line of Daring Spirits Who Perished in Their Attempts to Navigate the Air.

The first attempts to make ascensions by means of balloons were made in Paris in the year 1783. Pilatre des Rosiers was the first and most illustrious of the long list of aeronauts who have fallen victims to their desire to advance the art of aerostatics.

In July and August of the year 1783 balloons filled with hydrogen gas were sent up from Paris, and in September at Versailles the first balloon was sent up freighted with living animals.

In the same year Montgolfier constructed a balloon which he claimed would be capable of carrying passengers, his workshop being in the gardens of the Faubourg St. Antoine. The balloon was sixty feet in height and forty-eight broad. Its exterior was richly painted and embroidered, there being represented upon it the twelve signs of the zodiac, the arms of the king of France and numerous fleurs-de-lis and lower down, amid a crowd of grotesque heads and garlands of flowers, a flock of eagles, with extended wings, that seemed to be flying and supporting the huge balloon upon their shoulders.

Below the balloon proper was constructed a circular platform of wicker work, covered with silk, which was used as a car. This platform was very large and was surrounded by a balustrade to prevent the aeronauts from falling out. In the center of this platform or car was an opening, below which was suspended by chains an iron stove, which was to be used for rarefying the air in the balloon, while in one corner was a magazine intended for the storing up of an immense quantity of straw, which served as fuel.

Pilate des Rosiers, generally alone but at one time accompanied by the Marquis d'Arlandes and on another occasion by M. Grond de Villedot, had ascended in the balloon without cutting the rope which held it captive to a height of 1,200 feet.

Rosiers had much difficulty in obtaining permission from the king to make an ascent without being held down by the rope, but consent was at last secured, and on the 20th of November, 1783, everything was made ready. During the day the wind and rain were violent, and it was found necessary to postpone the ascent. The next day, the 21st, the weather was more favorable, and at 1:30 in the afternoon in the presence of the dauphin and his suite Pilatre des Rosiers and the Marquis d'Arlandes set out together from the Jardin de la Muette upon the first aerial voyage ever attempted and performed. The wind was still very rough and the weather stormy, but in spite of these disadvantages the balloon rose rapidly.

Having passed over Paris and become free from all fear of getting entangled among the buildings of the city, the aeronauts suffered themselves to descend considerably until they found themselves in a fresh current of air, which bore them in a southerly direction.

After proceeding a few miles farther the fire was allowed to die out, and the balloon descended about five miles from Paris. When the aeronauts returned to the Chateau de la Muette, they were greeted with the utmost enthusiasm by the assembled crowds. Benjamin Franklin was a witness of the whole spectacle, and when asked what he thought of it he replied, "I have seen a child born which may one day be a man."

Aerostatics had advanced to such a degree that on the 7th of January, 1785, Blanchard, a rival of Rosiers, crossed over the channel from Dover to Calais.

Rosiers was spurred on by Blanchard's success and set to work constructing a balloon which, when completed, he called an aeromontgolfier. It consisted of an immense balloon of hydrogen gas, with a large cylinder placed under it, the use of it being to rarefy the air without losing gas.

When a favorable day had arrived, Pilatre for the last time made his preparations. He was assisted by a Boulogne physician named Romain, and on June 15, 1785, they stepped into the basket, the ropes were cast off, and the balloon rose with the utmost majesty from the earth.

When it had risen about 200 feet, it struck a fresh current of air which took it directly toward the sea. It soon found another current which rapidly carried it back again. It possibly may have been the desire of the aeronauts to descend to find a more favorable current of air, for while opening the valve to let the cold air into his cylinder unfortunately a huge rent was made in the balloon. The consequences were immediate and horrible. At that time the balloon was 1,700 feet above the surface of the earth. A few moments afterward the two aeronauts lay on the ground dead and horribly mutilated.

Near the spot where Pilatre des Rosiers was buried a monument was erected in 1853 to commemorate the almost miraculous crossing of the sea by Blanchard, upon the very spot of earth on which that intrepid aeronaut descended. He had become for France a hero, and numbers of inscriptions are still readable.—New York Times.

## OVERWORKED WOMEN

Should Beware of a Serious Organic Break-down. Take Heed in Time.

The ordinary every-day life of most of our women is a ceaseless treadmill of work.

How much harder the daily tasks become when some derangement of the female organs makes every movement painful and keeps the nervous system all unstrung!

One day she is wretched and utterly miserable; in a day or two she is better and laughs at her fears, thinking there is nothing much the matter after all; but before night the deadly backache reappears, the limbs tremble, the lips twitch—it seems as though all the imps of Satan were clutching her vitals; she goes to pieces and is flat on her back.

No woman ought to arrive at this terrible state of misery, because these symptoms are a sure indication of womb troubles. She must remember that **Lydia E. Pinkham's Vegetable Compound** is almost an infallible cure for all female ills, such as irregularity of periods, which cause weak stomach, sick headache, etc., displacements and inflammation of the womb, or any of the multitudes of illnesses which beset the female organism.

If there is anything in your case about which you would like special advice, write freely to Mrs. Pinkham. No man will see your letter. She can surely help you, for no person in America has such a wide experience in treating female ills as she has had. Address is Lynn, Mass.; her advice is free and helpful.

Mrs. Richard Dixon wrote to Mrs. Pinkham when she was in great trouble. Her letters are here printed.

"DEAR MRS. PINKHAM:—I have suffered for four years with pain in my back, and a terrible bearing-down feeling in the lower part of my bowels, and at times the abdomen seems to swell and becomes very sore. I have terrible sharp pains in my ovaries and am very nervous, also troubled with leucorrhoea and irregular menstruation. I have started to take **Lydia E. Pinkham's Vegetable Compound**, but I do not feel much better, so I thought I would write and ask you what to do. Please answer soon, as I am a great sufferer and long to get relief."—Mrs. RICHARD DIXON, 11 Farewell St., Newport, R.I. (Jan. 11, 1900.)

"DEAR MRS. PINKHAM:—I want to thank you for your letter of advice. Since taking your Vegetable Compound, Liver Pills, and using your Sarsaparilla Wash, as directed by you, my backache and terrible pains in my ovaries have disappeared. I feel that your Vegetable Compound should be used by all weak women."—Mrs. RICHARD DIXON, 11 Farewell St., Newport, R.I. (April 11, 1901.)

Will not the volumes of letters from women who have been made strong by **Lydia E. Pinkham's Vegetable Compound** convince others of the virtues of this great medicine?

When a medicine has been successful in more than a million cases, is it justice to yourself to say, without trying it, "I do not believe it would help me?"

Surely you cannot wish to remain weak and sick and discouraged, exhausted with each day's work. If you have some derangement of the female organism try **Lydia E. Pinkham's Vegetable Compound**. It will surely help you.

**\$5000** REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letters are not genuine, or were published before obtaining the writer's special permission. **Lydia E. Pinkham Medicine Co., Lynn, Mass.**

### ALL WRONG.

The Mistake is made by Many Seymour Citizen.

Don't mistake the cause of backache. To be cured you must know the cause. It is wrong to imagine relief is cure. Backache is kidney ache. You must cure the kidneys.

A Seymour resident tells you how this can be done.

Mr. O. Burdick of Indianapolis avenue, says, "I procured Doan's Kidney Pills, sold by C. W. Milbourn for Mrs. Burdick, who suffered from a distressing aching in her back and occasional dizziness. She told me that they cured her of the backache and strengthened her kidneys so that she can rest well nights. A little extra exertion does not prostrate her as it did formerly, and the dead tired feeling mornings does not oppress her as it once did. We can highly recommend Doan's Kidney Pills to any one suffering from their back or kidneys."

For sale by all dealers, price 50 cts. Foster-Milburn Co., Buffalo, N. Y. sole agents for the U. S. Remember the Doan's and taken no other.
